Subject Substitution
of Branch IV mental
moral Science for Branch I
Mathematics in the Akshaya
College, Mysore

The subject was mooted in the
Mysore Representative Assembly
Oct 1899 (Subject No. 13)

Mr Bhabha, in reply to
office memorandum (sl no 3)
stated that the suggested substitution
might be made (sl no 4)

Mr Cooks opinion was also
sought and he was also in favor
of the suggestion (sl nos 5 & 6)

Mr Bhabha was again
asked to submit detailed report
as to how he would propose
the effect to the above
proposal.

I am afraid there are difficulties in the way of this scheme being immediately given effect to - in view of the fact that the Council does not seem easy & a highly paid newspaper of local & mental health has also to be employed. The matter may lie over for the present.

This is too important a subject to be given further treatment.

I am of opinion that Mental Science should be taught in either the colleges - & preferably in the other colleges & in the intermediate with - with this spirit the suggestion maybe made to secure a good staff has been a way of many years -

I have no objection to operate the High School Dept & of all the college members only change the new Hosts much can be expected for them. All these matters can best be discussed & decided by committee which may consist of

- Mr. W. L.
- Mr. W. H. W.
- Mr. W. H. W.

It is not expedient to reduce the budget of Royal College - further action may be taken when the proposals of the Union are received. The subject

The above orders of the Dewan were communicated to Henry J. Look, H. J. Bhabha and J. West. They have not yet furnished the report called for.

Meanwhile the J. He further states that he "will be glad to submit his own views" if he is permitted to do so.

On the question of appointing a chairman or President of the Committee the 2nd Councillor was of opinion that the Committee should choose their own President.

From The Principal,

To The Secretary to the Govt of Mysore,

Sir,

With reference to your No 5344, dated 15th October 1900,
^{Ed 200}
forwarding for favour of my opinion an extract bearing on sub-
ject No 13 of the Dasara Representative Assembly, October 1900,
I have the honor to submit that in my opinion one First Grade
College, thoroughly equipped and provided with the staff for
teaching all the most important of the Optional Branches of the
A Degree Examination would have quite sufficed for the whole
Mysore Province for many years to come

Indeed the very name Central College, which had been given
to this Institution from the date of its first affiliation to
the Madras University ceased to be strictly applicable as des-
criptive of its position in the State, when the Maharaja's Col-
lege was raised to ^{be a} ~~the~~ First Grade College in January 1894 - a
step which was taken without any reference to my opinion.

Though I suppose it is not likely that it ^(Maharaja's College) will be reduced
again to the Second Grade, it is certainly unnecessary that Ma-
thematics should be taught in both the Central College and the
Maharaja's College as has been the case for the past few years,
and as the results in that subject have been better in the
Central College than in the Maharaja's College it appears to me
that that Branch might be replaced in the Maharaja's College by
some ^{other} Branch, such as Branch IV of the B A Degree Examination
Mental and Moral Science

KC - AR 6/12/00

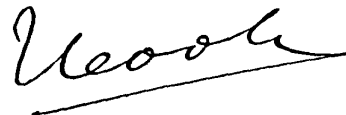

Until the High School classes of the Central College can be transferred to the City School, after the new building has been provided for that School there is not sufficient accommodation for the addition of any other of the B A Optional Branches to the three already taught in the Central College viz Branch I, Mathematics, Branch IIA, Physics & Chemistry, Branch IIID, Geology, with Biology

I expect that the parties interested in putting the question in the Mysore Representative Assembly had specially before them the teaching of Mental and Moral Science which is the Branch of the B A Degree usually chosen by students who have the profession of Law ultimately in view, and this is unfortunately the aim of the largest number of our graduates

With reference to your letter No. 2861
dated 11th Decr. 1900, I have the honor
to inform you that the Principal of the
Maharaja's College Mysore is a Wrangler
of Cambridge and it was on that
account chiefly that Mathematics were
introduced as an optional subject into
the B A classes of that College Mr New
museif takes the more important
portions of the subject and devotes about
half his lectures to them, the remain-
g half of his lectures being on English
Literature The subject of Mathematics

10 taught in the Central College by Mr
In 7 Karnarenga Ma. Although he has
proved himself to be a successful
Professor of Mathematics, it can not be
said that he has the training and
knowledge possessed by a Wrangler of
Cambridge. If the Maharajas College is
to cease teaching Mathematics the special
qualifications of Mr. Weir will be of little
use in the Maharajas College and he
will have to teach English alone, while one
at least of the Mathematical Assistants
also will have little or no work. The
services of a separate Professor of Mental
and moral Science will have to be
engaged if this subject is to take the
place of Mathematics in the Maharajas
College as suggested by Mr. Cook.

2. As stated in my letter no 1984/102
of 25th August 1900 I am of opinion
that one First grade College is suf-

H V Nanjundayya Esquire M A , M.L ,
Secretary to the Govt of Mysore,
General & Revenue Departments

With reference to your No 1067 dated 17th instant, I have
honour to state that in view of the fact that all the Univer-
ties of India are still awaiting the orders of the Government
India, that may be the outcome of the Report of the Education
Commission of 1902 and that our Madras University seems also to
awaiting the orders of the Supreme Government before proceed-
ing with the institution of the B Sc Degree, it seems desirable
for us to wait a little longer before making any proposals to
the Government of Mysore and after the orders of the Government
India appear, no time will be lost by me in submitting our
proposals to the Government of Mysore

I have the honour to be,

Sir,

Your most obedient servant,

Principal
